

The MITT Communique

Words from

Sri K. K. Kejriwal
Hon'ble Chairperson's Message

"The mind is not a vessel to be filled, but a fire to be kindled." Said Plutarch.

"The MITT Communique"-kindles the imagination of our learners. Cradled in the lap of nature on the one hand and archeological edifice on the other, swaying from serious thinking to playful inventiveness of student-teachers of B.Ed. & D.El.Ed. brimming with a zeal for life empowering themselves with skills and creativity.

I congratulate the staff and students of MITT who used various mediums of expression and records to present their activities. As long as our ideas are expressed and thoughts kindled we can be sure of learning and doing more activities, as everything begins with an idea.
