

The MITT Communique

Words from

Sri K. K. Kejriwal

Hon'ble Chairperson's Message

We believe that education should enable the students to soar high - morally, socially and spiritually. We believe that our students need to learn that the secret of success and contentment lies in discovering one's own strengths as well as limitations. There is, therefore, every reason to place a renewed emphasis on the humanistic dimensions of education, enabling each person to grasp and appreciate the individuality of others, and to discover one's own self through an inner journey.

It has indeed been an eventful year, replete with a plethora of activities and events that celebrate the spirit of learning, growth and creativity through online and offline mode in spite of Pandemic Covid-19. All

of the students, who are able to hone their talents and channel their energy into productive, creative work. We are aware of the challenges that lie ahead and will leave no stone unturned to further enrich the rich legacy of this esteemed institution.
