Shri K.K. Kejriwal
Chairman of MCKV Group

Message from the Managing Trustee

Realizing the scarcity of quality teaching professionals and efforts to strengthening teachers' education, the Trust prioritized the establishment of MITT in 2014. This Amazing journey of MITT concentrated on materializing the essence of National Council for Teacher Education (NCTE) Regulations 2014, National Curriculum Framework 2009 and National Curriculum Framework 2005, as a result better academic achievements of students and their placement in Govt. and Private reputed schools of the Eastern Zone of India has taken place. MITT has also taken initiative to prepare efficient library professionals who can cope up with the systematic digitalization and manual storage of knowledge for quick search. Hope MITT will soon bring the complete 'HUMAN SOLUTIONS' to schools as well as Teacher Training Institutes (TTI's).

From the Desk of Principal

As technology advances, the education landscape evolves and Library and Information Science is no exception. Our mission is to nurture students who are not only knowledgeable but also skilled in managing information, promoting literacy and fostering a culture of lifelong learning. We strive to instill values of inclusivity, innovation and service, empowering our graduates to become leaders in shaping the future of libraries and information centers.

At Madhusthali institute, we offer a conducive environment with expert faculty, modern infrastructure and a rich collection of resources. Our focus is on developing critical thinking, research skills and professional competencies, enabling our students to excel in diverse roles – be it digital librarianship, information analytics, or knowledge management.

The true essence of Library and Information Science lies in connecting people with knowledge, bridging gaps, and contributing to societal growth. As R.D. Sharma puts it, "The library is a growing organism". I wish our students a rewarding journey ahead, filled with opportunities to innovate and inspire.

Dr. Jolly Sinha
Principal, MITT

Vision

To recognize the library as a social institution and train professionals who can use information to drive social, economic and educational growth.

Mission

To empower students with advanced digital skills in library automation, database management and the curation of e-resources.

To provide proficiency training in the core expertise enhancement of librarianship, including classification, cataloguing and information retrieval.

To promote digital literacy and ensure that future professionals can facilitate equitable access to information for all sections of society.

Goal

To recognize the library as a social institution and train professionals who can use information to drive social, economic and educational growth.
